

Csongor Szász

(Pronounce: “chon-gor sas”)

+47 465 33 135 | szasz.csongor1@gmail.com | [GitHub](#) | [LinkedIn](#) | based in Trondheim, Norway

Education

Norwegian University of Science and Technology (NTNU) <i>MSc in Artificial Intelligence</i>	Aug 2025 – Jun 2027 (ongoing) Trondheim, Norway
Babeş-Bolyai University <i>BSc in Computer Science</i>	Oct 2022 – Jul 2025 Cluj-Napoca, Romania

Experience

Software Engineer Intern <i>Microsoft Full-Time</i>	Jul 2026 – Sep 2026 (ongoing) Trondheim, Norway
Developing diagnostic infrastructure to automate root cause analysis of quality gaps in M365 Copilot relative to competitors.	
Grocery Associate <i>Wolt Market Contract</i>	Jan 2026 – Jun 2026 Trondheim, Norway
Picking and packing orders; handling customer complaints; receiving and processing inbound fresh goods.	
Software Engineer Intern <i>Groupe Luminess Full-Time</i>	Jul 2024 – Sep 2024 Cluj-Napoca, Romania
Integrating computer vision tools for receipt parsing and identity verification.	

Projects

Foundational reinforcement learning algorithms • Domain: <i>artificial intelligence, machine learning, reinforcement learning, control</i> • Tech stack: <i>Python</i>	GitHub
Convolutional neural network (CNN) from scratch • Domain: <i>artificial intelligence, machine learning, neural networks, computer vision</i> • Tech stack: <i>Python</i>	GitHub
Anomaly detection in datasets of supernovae (BSc thesis) • Domain: <i>artificial intelligence, classical machine learning, astronomy</i> • Tech stack: <i>Python, scikit-learn</i>	GitHub

Technical skills

Programming languages: Python, C/C++, C#, Java, JavaScript, SQL.
Frameworks/libraries: NumPy, JAX, PyTorch, scikit-learn, .NET.
Developer tools: Git, Docker, GitLab CI/CD, Copilot CLI.

Human languages

Hungarian	Native
English	C1 (Advanced)
Romanian	B2 (Upper Intermediate)
Norwegian	A2 (Basic User)
